From the Bethel Town Office Special Town Meeting April 24 To Decide on Comprehensive Plan

On Tuesday, April 24, a Special Town Meeting will be held at 7:30 p. m. in the Auditorium of Telstar Regional High School. The meeting will include three articles: (1) To choose a moderator to preside at the meeting; (2) To see if the Town will vote to adopt a Comprehensive Plan for the Town; and (3) To see if the Town will vote to use up to \$2,500 in excess 1978 Sewer Construction Bond funds to pay the Town's share of Sewer System Sludge Disposal Site Selection Study.

The Board of Selectmen will meet in regular session on Monday evening, April 23, at 7 o'clock in the meeting room of the Bethel Savings Bank. The Municipal Facilities Committee will present their recommendations to the Selectmen at this meeting.

Background Information on the Comprehensive Plan
At the Town meeting in March, citizen concern was expressed about the implications of "adopting" the Comprehensive Plan, instead of "accepting" it or "receiving" it.

The Municipal Officers have asked the State Planning Office, the Maine Municipal Association and the Androscoggin Valley Regional Planning Commission about the plan, and they are in agreement that adoption makes the plan an official document of the town. Accepting the plan, or receiving it, does not do this. If the town wishes to take a specific action in accordance with the direction the plan has given, it cannot do so without the approval of the town meeting.

Budget items proposed in accordance with the plan will still show up as budget items on the town meeting warrant, to be acted on separately on their own merits. Any ordinance proposed in accordance with the plan would be discussed at public hearings; then, if the selectmen submit it to meeting for adoption, the ordinance would be discussed and voted on in the same way that ordinances have been voted on in the past.

The town can, of course, decline even to consider recommendations that it does not take actions contrary to the plan. Should the town wish to propose such action, however, the plan can be revised by vote of town meeting to accommodate it. In law, a comprehensive plan is defined to be "as much a process as it is a document for distribution" and the law makes provision for changes in the plan. The recommendations and the information in the proposed Comprehensive Plan will need to be reviewed and revised as Bethel's needs change. A comprehensive plan is one way for the community to plan for the future: something that must be done by individuals, by families, and now, increasingly, by municipalities as well.

To adopt the plan means primarily that the town will be providing itself with a set of goals to check itself against, without hindering its ability to function as the will of its citizens dictates. **Background Information on the Sewer System Sludge Disposal Site Selection Study**
The Board of Selectmen and Town Meeting have reviewed preliminary recommendations developed by the town's consulting engineers DuBois and King, regarding continued on Page Eight

SCHEDULE ANNOUNCED FOR PRE-SCHOOL ORIENTATION PARENTS' NIGHTS IN S.A.D. 44

Next year's Kindergarten students in S. A. D. #44 will have the opportunity to spend a portion of the school day becoming acquainted with their teacher and to complete a pre-school screening process. This program was begun last year and parents, children, and teachers found it quite valuable.

Parents are invited to the Pre-School Orientation Parents' Night in order to see a film on the process and to better understand the purposes of this program. Location and dates are: Woodstock Elementary School, Tuesday, April 24, 7:30 p. m. - 8:30 p. m.; Bethel at Bethel Bissell Elementary School, Wednesday, April 25, 7:30 p. m. - 8:30 p. m.; Andover at Andover Elementary School, Thursday, April 26, 7:30 p. m. - 8:30 p. m.

Parents will have the opportunity to meet with the kindergarten teacher, to enjoy refreshments, and to take home a booklet on helping their child to begin his or her schooling.

The days for pre-schoolers to visit schools will be: Woodstock and Locke Mills, Tuesday, May 1; Bethel, Wednesday, May 2; Andover, Thursday, May 3.

Individual appointments (of 1½ hours each) will be made at the Pre-school Parents' Night meeting.

Water Dist. Trustees Meet with P. U. C. Representatives

The Trustees of the Bethel Water District met with three representatives of the Public Utilities Commission on Tuesday evening. The purpose of the meeting was to discuss the present structure's inadequacy to meet both operating expenses and anticipated capital improvements. It was agreed by all that the present condition of the Water District warrants immediate corrective action. Both the Bethel and West Bethel water systems are in need of accelerated maintenance programs to repair and upgrade the existing systems.

A preventative maintenance program has already begun which is very costly due to the deteriorated condition of both systems. Future expansion, improvements, and repairs are inevitable, but construction costs are very high.

If the water system is allowed to exist in disrepair and continue to deteriorate the cost of upkeep, repair and replacement will be much higher than if the work were done as soon as possible.

The P.U.C. representatives offered many suggestions and guidelines to assist the Trustees in meeting present and future financial demands.

"THE FAMILY AS EDUCATOR" IS EXTENSION PROGRAM AT TELSTAR, SATURDAY, APRIL 21

Extension Agent Stephanie Knight invites persons in the Bethel area to attend "The Family As Educator," Saturday, April 21, at Telstar Regional High School. The program, planned by Oxford County Women of Extension, is the focus of this year's Spring Open House. Exhibits by Extension groups will depict the various programs offered in Family Living by the Extension.

The doors open at 9:30 a. m. with coffee. At 10 a. m. Ellis Waller, Extension Human Development Specialist, will present "Learning — Never Too Young, Never Too Old" followed by the "Joys of Homemaking" with Doretha Cloutier, Extension Agent.

Lunch will be catered by Mothers' Restaurant of Bethel. The afternoon session features "The Family As Educator" presented by Dr. Elizabeth Marks, professor of family life at the University of Maine at Farmington. It starts at 1 p. m.

Persons are invited to attend any or all of the lectures.

BUSINESS/INDUSTRY SURVEY RESULTS ENCOURAGING FOR LOCAL EMPLOYMENT MARKET

The Bethel Area Community Education Work Council has started analysis of the survey of local employers. With returns from 103 employers in the M.S.A.D. #44 area being analyzed, the initial information points to a number of anticipated job openings. The businesses surveyed were asked to project the number of expected hirings by June of 1979 and then project the number of hirings by June of 1981. A total of 142 positions were expected to be filled by June 1979 and an additional 266 by June of 1981.

In general, local employers expect to be filling 408 positions over the next three years. About half of these positions are anticipated in maintenance and production occupations with the remainder in managerial, professional, technical, clerical and science areas.

As the survey returns do not include all the employers in the area, the actual number of openings are expected to be greater than what is indicated in the survey.

The Education Work Council plans to continue analysis of the information to identify more specifically the kinds of opportunities projected and the kinds of skills that employers will be looking for.

75th Anniversary Of Purity Chapter To be Celebrated

1979 marks the 75th birthday of the establishment of an Eastern Star Chapter in Bethel. In 1904 a group of people under the supervision of Deputy Patron A. Pike of Auburn, organized Purity Chapter. Charter members included old Bethel names such as Billings, Frost, Mason, Kimball, Farwell, Richardson and Rowe.

The chapter took as its symbol the white lily. Twenty-four people attended that first meeting and made up the chapter members and at the end of the first year there were 37 members. The present membership of the lodge is 160.

Many such chapters as Purity Chapter were established in small communities where people could attend without traveling far. It was the age of the horse and buggy and older members had interesting stories to tell of leaving Bethel at noon to visit Norway or Rumford lodges and arriving home in the wee hours of the morning.

The meeting rooms changed from the two top floors of a store at Honest Corner to the present Temple purchased by the Masons from the Christian Science Church. Saturday, April 21, at 7:30 Purity Chapter will observe its 75th birthday at the Telstar Auditorium.

Chairman of the affair is Barbara D. Brown; Nesta Littlefield is entertainment chairman; Elaine Merrill and Mary Newton are food chairmen; historian, Helen Morton; decorating chairman, Ethelene Wright; invitations, Edda Carver; anniversary cake, Rachel MacKay; special art work, Helen Morton.

EDUCATION WORK COUNCIL TO COOPERATE WITH B. A. D. C.

At their April meeting the Education Work Council decided to offer part-time staff assistance to the Bethel Area Development Corporation. A major purpose of the Education Work Council is to find ways to work with a number of groups in the area to improve the movement of young people from education to work. Often that successful move depends on the number of jobs available to young people. The Development Corporation's purpose is to encourage appropriate business development in the area which usually means an increase in the number of jobs available. The offer of staff assistance is seen as a way to assist the Development Corporation in their activities and to move toward the common objective of appropriate business development and job creation. The cooperative effort will mean the Development Corporation will have a manned phone during business hours and assistance with the correspondence of the Corporation.

The game is a combination of ice hockey and soccer, played by 10-member teams. All players wear a protective helmet with a face mask, padded gloves, arm guards and shoulder pads, with the goalie wearing a padded vest as well. The ball must not be touched with the hands, and defensive players have the right to knock the ball out of a player's crosse with their own crosse, hence the need for the padded protection.

Gould has a total of 27 boys out for lacrosse under the direction of Coach and Headmaster Donald W. Fudge. Unlike baseball, lacrosse can be played in inclement weather, and should be better suited to the school's short spring term. As a member of M.A.S.A.D., Maine Independent School League,

including "Fiorillo," "Carousel," "Trial by Jury" and most recently "A Funny Thing Happened on the Way to the Forum." Carol has performed in "Once Upon a Mattress" in South Paris and "Die Fledermaus" at Deertrees Theatre in Harrison. She lives in Bethel with her husband, Frank, and three children, Todd, Bob and Sallie, all of whom are involved in "Plain and Fancy."

Katie, a young Amish girl, will be played by Lee Ann Trask. She is presently a resident of Bethel, continued on Page Four

The Willing Workers met with Miriam Morgan as hostess on Monday evening with the following in attendance: Alicia Stephens, Barbara Cash, Nancy Mason, Sheryl Wilbur, Kathy Thurlow, Elaine Wilday, Ellis Morgan, Mona Lowe, Mary Fleming, Patty Thurlow, Olive Davis and Joan Cannuli. The sick members were Ethel Davis, Jerrold Mason, Myrtle Thurlow, Iva Beck, Olive Danforth, secretary, was unable to be present because of illness, too. The entertainment for the evening was on 34 and Joan Cannuli, South Paris, talked about painting pictures, and the equipment needed for the same. Then she painted an ocean scene beside a rocky bluff, showing how one should start painting. It was very interesting. After the meeting the hostess and helpers served delicious refreshments.

Nancy Mason came after me Monday night with her 4-wheel drive or I never could have attended the meeting as it was snowing hard with about two inches on the ground when we came home. She says "It's no problem," and sure wasn't for her. I appreciate their kindness to me. I went with Alicia Stevens the last time to Goldie Mason's. Thanks, girls.

Jerrold Mason, who has been in the hospital with neck trouble has returned home with braces to hold his head. We hope it will heal quicker than was first stated and he will be able to return to school soon.

Esther Davis has returned to Maine this last week and is with her daughter, Mrs. Patricia Tibbets, and family for a while.

Mrs. Carl Cash was in Rumford recently on business.

I was down to Ledgewick Memorial Home Thursday afternoon. The ladies living there had an Easter party in the amusement room downstairs. Everyone had an Easter bonnet to wear. Three prizes were given for the best hats. Lizzie Russ had the second prize. Sorry I didn't get the other two. They were served ice cream and Easter cake afterwards. It made a very pleasant afternoon for them. I called on Austin Stearns and Joe Barrett also.

The sap season is over here. Lloyd Merrifield pulled his taps this week end. Now let's have some warm weather, so we can hear the frogs peep.

Blackie, my cat, has been to Dr. Hudson twice lately. He was growing thin and drooling. When the doctor looked at him, he opened his mouth. There was a stick, about an inch long, stuck in the roof of his mouth between his teeth. Doctor removed that and he has had two shots to stem the infection. It was pretty tough on him as his mouth was sore so he couldn't pull off the matted hair on his lips so Dr. Hudson sheared him. He's a sorry looking cat but it will grow out again and be cooler this summer.

I saw a tree swallow this morning, Friday. The black flies will be along shortly now.

— Mrs. Colista Morgan, Corres. —

This poem of April I found in my scrap book but I'm not sure of the author.

"Oh, April April! you tear my heart with your hurting beauty. I would pass you by this year with closed eyes. I would forget your perfume. I would like a quiet way without you but I cannot. I am a prisoner of past Aprils that will not set me free."

Today the warmth struck through to reach the earth; the sun boring into the snow. The ditches were alive with overflow and gurgle.

When I walked to the mail box, a song sparrow placed his matchless seal on the outgoing letters. It seemed strange to see this sparrow with snow still around.

There have been good hiking days this week and I have enjoyed them.

The side roads are still snowy or oozy but I did go the road between the ponds, a short distance on the Diamond Lodge trail, and into the gussy willow field.

There were times when the winds rushed before me down the slopes and road then out on to the pond where there was open water. They formed twinklings on the surface, lingered a moment, then vanished beneath the floating ice. Then a whole new pattern was formed. The miniature waves, as they hastened shorewards, were as diamond clear as spring water.

It was a thrill to note its new sense of freedom of motion after so long being sealed up in its prison of ice.

The air was full of small noises, chuckles, and incessant chatter, as the winds played about.

The sound of melting snow, I could hear all along the way. I noticed the dissolving of ice on ledges and on the pond. Occasionally there was a glimpse of a blade of grass like a long green ribbon.

On the Diamond trail I stopped beside a pine. It, as well as most white pines was beautiful, tall and graceful. It had stood the tempests of winter, serene after the storms. One of the things I like is the time of golden candles.

What are golden candles? To me it's the time when you look at the pines on a sunny day in spring, as the new growth is starting and see that the tip ends have a golden brownish hue. Along the edges of the valleys, on hillsides and the shoulders of mountains they grow. Each spring the golden candles are lighted again.

When I went to the field of willows, I thought of the whistles we used to make. It wasn't a hard task if we chose a willow bush when the life juice ran strong.

It was easy to loosen and slide off the bark by tapping, but first cut a V shaped notch. This determined the pitch of the whistle.

Next time I must take my knife and cut a bush to prove to myself whether I can still make one.

A dead leaf hanging, twisted, from a twig turned out to be sewn together with filmy material. It was the cradle of a moth, hanging in the open pupa. It has had protection from the cold weather not so much by the leaf as by the body fluids. They contain so little water, they are like a thick, unfreezing.

I had now dallied enough so faced the mountains and home.

Another day is now done and gone is the sun from the pond, from the hills, and from the sky.

The sky grew velvet as the last of the daylight ebbed away. The first star appeared over Patch Mountain. Then they sprinkled the sky like sequins. The moon appeared illuminating the pond with a soft light that made for good visibility.

The ducks quacked their contentment.

Eveline Barrett, Corres.

The long holiday week end was very bleak, cold, snowy and rainy. Is that all? We can't seem to pick a holiday on a nice sunny day. Maybe the stock cars got rained out.

Monday, April 9, I went to "Dr. Weeks" office even if it did snow. I had been home only an hour when the cars started having trouble on Trap Corner Hill. Maybe they had summer tires on.

Mrs. Thelma Mayberry, a former neighbor, passed away this week. Our sincere sympathy to her family. Her half brother, Donald Pray, lives here in our hamlet.

Mr. and Mrs. Herbert Stevens, Betty, were at her mother's, Dixfield.

Mr. and Mrs. Root Lawrence and Eveline Barrett spent Easter Sunday with their daughter and son-in-law, Mr. and Mrs. David Lyons, Monday.

I am still glad that I live in the Pine Tree State of Maine. I can stand the cold better than tornadoes, floods and all. So much can be destroyed in a few minutes in the far off states.

Mr. and Mrs. William Bunton, Mass., spent the holiday week end with their daughter and son-in-law, Mr. and Mrs. David Lyons.

The schoolchildren will have a short vacation this week due to snow make-up days. It may seem hard, but for me, I had rather be going to school in vacation time than lying in a hospital bed, for accidents do happen.

Mr. and Mrs. Michael Wheeler and Graham and Shawn of Westbrook spent the Easter week end visiting his mother, Hazel Wheeler and his grandmother, Ruth Grover.

Mr. and Mrs. Craig Paul arrived on Wednesday after spending the past three months in Florida.

O. C. S. TO ADMINISTER FUEL PROGRAM

Oxford County Community Services is once again administering a fuel program that low-income people in Oxford County can start applying for help with their fuel and utility bills. To receive funds, several qualifications must be met.

First, you must be able to show that you are "income eligible". The income level is for the 12 months immediately preceding application—and is the total income for the entire household.

Here is how you can establish eligibility: (a) If you are 60 or older and receive S.S.I., bring your State Medicaid Card; (b) Other people MUST bring an employer's statement of income, unemployment, AFDC, or payroll stubs. That takes care of the first hurdle.

If you are "income eligible", here is how to show that you qualify for aid with your fuel, utility or other energy costs:

(a) For aid with an unpaid utility bill (natural gas or electricity) you must have received a SHUT-OFF notice from the utility. BRING both the shut-off notice and a statement of your utility account from July 1, 1978 to present date. (or all your bills for the period.)

(b) For aid with an unpaid fuel bill (oil, propane gas or wood) you must have less than one week's supply of fuel on hand. BRING a dealer's statement of your fuel account from July 1, 1978, to date and a signed statement from your dealer that you have less than one week's supply of fuel.

(c) For aid with a paid fuel bill (need for fuel delivery) you must have an energy crisis or need and lack funds to meet the delivery. Bring statement from July 1, 1978, and be ready to sign a statement of your energy-related crisis and lack of funds.

If you think you can pass both the income and the program guidelines, you can apply for assistance at the following places and times until May 31 in the S. A. D. #44 area: Andover Town Hall, Mondays, 9:00-1:00; Bethel Town Office, Wednesdays, 9:00-12:00, 2:00-5:00; Woodstock Town Hall, Fridays, 9:00-1:00.

For further information contact Outreach Workers: Louise Chapman, 875-3625; Joyce Crockett, 824-2977; Verna Swan, 38-3 (Bryant Pond); or OCCS Office, 743-7716 (South Paris), 364-3721 (Rumford).

Letters to the Editor

To the Editor:

Since I had been told that chaparrons were desperately needed for the trip to the Shrine Circus, I volunteered to go. When I entered the bus, I certainly found that no extras were needed, but am very glad that I went with the group. I now have the most wonderful feeling about this yearly trip the fourth graders make.

Parents—rest assured that your children are receiving the best possible care. The Shriners and their wives are there, prepared for everything, and handle the children in a way that they all have a great time, but protect them closer than we would have been there.

I have always felt that this was a great day for the kids—now my feelings are trifold. Shriners—thanks so much! Edie Smith.

CARD OF THANKS

A great big "thank you" from the bottom of our hearts to all our friends and relatives who have been so kind to us in our recent misfortunes. Cards, letters, food, phone calls—everything has been most gratefully appreciated.

The cake was furnished by the Herbert Rows, the Joseph Perrys, and Mary Wheeler. The head table was beautifully decorated with an Easter bunny basket and favors by Dorothy Onofrio, who always does a good job. Maud Danforth circulated the guest book.

She said this would be an ideal time for those who have not already done so to write their Legislators. Other bills of interest to Senior Citizens are: 1. Exemption of State Income Tax from Retirement Allowances for Retired State Employees; 2. Exemption of State Sales Tax from purchased meals for the Elderly.

Easter was a contrast of weather. It snowed quite a little here for about an hour in the morning. I do hope that anyone who went to sunrise service wore heavy garments, even if Easter was in April this year instead of March. Then after the snowstorm, we had a short spell of the sun shining through. Later we had rain. This morning, Monday, we had some snow in the night and now it is raining or is it mixed with snow? It almost looks like it was. It seems that everyone I talked with wants to get out and just be able to run outdoors without putting on a jacket. Will we not appreciate spring much more after this?

As always with the boys home this has been a busy week. Wilfred has been getting his motor cycle tuned up. Wednesday, Wilfred and I went down to my folks in Norway and had dinner. Thursday, Frankie came so he and Wilfred could ride up to Old Town to see their brother, Jim. They came back Friday morning and Friday evening Ira and Wilfred went up to spend the evening at Frankie's, as Dick Bryant, who was chef at Bethel Inn when the boys worked in the kitchen, was there. Saturday it was half way decent so everyone worked on the yard. George called Saturday evening. He had just got in after being out aboard ship for two weeks. They will be leaving again soon. Sunday, Easter, my folks, Mr. and Mrs. George Allen, Norway, came for dinner and the afternoon. We made homemade ice cream in the late afternoon. Jim called early Sunday morning and in the evening Wilfred and Ira went up to Frankie's to play game boards. When the boys were growing up this was such a help to have them play board games. It kept them busy and as the first four are only five years apart, by the time they got in grammar school they spent hours playing and were in competition with each other.

Dot Fisher came in for a nice visit Friday afternoon. Always glad to have friends drop in. Gerry, Billy and Jody Shimamura and Ira Gibson and Mrs. George Guinness, all went to Mike Friel's private graduation at Telstar on Thursday night. Mike will be leaving this month for the Marines to Parris Island, S. C. Afterwards they had a party at Mike's house. Doug Smith from Cape Cod, Mass., came Thursday to Saturday to visit his folks, Mr. and Mrs. Homer Smith.

Friday night, Bruce, Betty, Matthew and Michael, came to visit his folks, Mr. and Mrs. Homer Smith.

Edith Smith went as chaperone and Andy Smith went with his fourth grade to the Shriners Circus in Lewiston, Saturday. Vince Chapman, son of Mr. and Mrs. Howard Chapman, also went.

Sue Laban came home the first of last week, from Rumford Community Hospital and hope she keeps on improving.

Mrs. Gretchen Wilson of Waterville came Saturday and left Monday, spending the week end with her brother and family, the John Labans.

Mr. and Mrs. Joseph Casey, Reading, Mass., came Tuesday to take their grandsons, Christopher and Matthew, sons of Mr. and Mrs. John Laban, to their place for the rest of vacation.

Mr. and Mrs. Frank Murphy spent the week end of April 6 and 7 in Dracut, Mass., with her brother and family, the Paul Greenbergs.

Frank Murphy went to a school in Tilton, N. H., for Pike Industries, Friday, April 13.

Mr. and Mrs. Dean Murphy and Chandra came Easter Sunday to visit his parents, Mr. and Mrs. Frank Murphy.

Saturday noon Mr. and Mrs. Ernest Angevine, Mr. and Mrs. Pete Coolidge, and Henry Leavitt took dinner with Mr. and Mrs. Victor Coolidge and daughters. Sarah Coolidge went back with her grandparents, Mr. and Mrs. Pete Coolidge for a short visit.

Friday, Judy and Sarah Coolidge took June, Shelly and Brian Inman to the Shriners' Circus in Lewiston.

Mr. and Mrs. Tommy Gibbs and Heather and Danny Gibbs had Easter dinner at their parents, Mr. and Mrs. Guy Gibbs, in Bethel.

Not to ask for more,
But rather let me give my thanks

For home and friends, for peace

But most of all for love.

Sunday River

Mrs. R. M. Fleet, Corres.

Sent in by Mrs. Eva Yates:

Hurrah — Hurrah — Hurrah — April 22, next Sunday is the day for that chicken pie dinner at Bear River Grange. Chicken pie made by the best chef this side of the Rockies; mashed potato, biscuits that melt in your mouth by another great "Chef"; salads galore and lots of pies made by all the best cooks in Bethel, Newry, Woodstock, and all the best coffee and tea you can hold. So come one, come all—you won't be a bit sorry. Bring all your aunts, uncles, and your richest relatives and last but not least bring grandma too. She likes all the goodies. We will be looking for you. After dinner at 2 p. m. will be a free to all program upstairs honoring "Grange Week," so wait a bit and take in the free program—it will be worth waiting for—so don't miss it.

Easter dinner guests at Eva and Russell Yates were Mr. and Mrs. Michael Woolf and Myrna and Lorna Carter. Miss Darnita Yates of Barre, Vt., called in the afternoon.

Mrs. Clayton Blake was in Rumford on Friday to see her doctor.

Thursday Eva and Russell Yates were in Lewiston to see their eye doctor. On their way home they stopped at Barre's in Norway for dinner and met one of their next door neighbors, Mrs. Asher Rummels. Too had one has to go so far to meet their neighbors, but that's the way it is these days.

Darnita Yates has been home for the past three-four days from her work in Barre, Vt. Friday, she and her Dad, B. H. Yates, were in Portland. They had the big Mack truck and no one tried to crowd them off the road!

Elden Yates was at his parents over the week end from his work in Augusta.

The next regular meeting of Bear River Grange #285 will be April 23, an evening meeting with a 6:30 pot luck supper. The latch string is always out at Bear River Grange.

Mrs. Peggy Blake was in Lewiston on April 9 to see the doctor.

Mrs. Helen Rummels was in Norway Thursday, April 12.

Darnita Yates has purchased a car.

Not too much strong sunshine or warm days to hurry the snow away.

How Many Houses in Your Future?

Sometimes a look into the past will give you an educated guess as to your future home-owning status. So it goes with a recently completed survey of homeowners by a major Mortgage Insurance Company.

If you are an average statistic, you can expect to own three or four homes in your lifetime. The survey found that 76% of all newly-married couples start out by living in rental housing — primarily apartments. It then progresses to the purchase of the first home with the advent of children. Sixty eight percent of couples owning their first home have at least one child.

Although 31% reported their home adequate, 55% reported they were actively looking for a larger house. Although larger quarters was a major reason for moving, 63% said a more expensive home in a better neighborhood was a better investment in light of their experiences in the first two homes.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2379. We're here to help!

STATE OF MAINE HOUSE OF REPRESENTATIVES

Karen L. Brown

We are now over half way through the First Regular Session of the 109th Legislature, and it now appears that more than 1,800 bills will have been dealt with by the time the session ends sometime in June. As of April 6, 1,555 bills had been printed, 238 bills were defeated and 87 bills have been enacted into law.

State Employees Contract Provisions Stir Legislative Debate

After 18 months of hard negotiations, state employee labor representatives and Gov. Brennan have finally reached an agreement on a pay raise for 9,300 state employees. However, the proposed \$17 million contract has temporarily been held up because of a few provisions contained in the contract that have stirred controversy among (1) State employees must join the union or pay 80% of union dues; (2) Employees who fail to join the union or pay union dues would be automatically fired from their job; (3) The fact that the Governor's staff (Executive Dept.) would be exempt from any forced requirements to join the union or pay union dues, while still receiving pending pay benefits; and (4) Any employee fired for failure to join the union or pay union dues, would lose any rights in the state pension plan.

The 14 Senators and 49 Representatives who voted against the contract, felt these provisions should not be negotiated in the collective bargaining process under the present law and that Gov. Longley and now Gov. Brennan lacked the authority to negotiate these or place them in labor contracts.

Currently, no state employee can be forced to join a union or pay a union fee, and knowing that such provisions have been specifically denied by previous legislatures, believe that these requirements are contrary to the intent of the Maine Legislature. There are two proposals to allow so-called "agency shops" and "agency fees" pending before this Legislature and this should be addressed separately, not passed into law by the language of our first state employees union contract.

I contacted over 125 residents in my district and 71% of these felt the Legislature should not force the 2,500 non-union public employees to pay an agency fee to keep their jobs. I feel we would be misrepresenting a condition of employment if we were to do so.

This week the Senate unanimously approved the funding of state employee pay raises, but amended the bill to specifically prohibit forced union membership or forced union fees. Once the bill reached the House, however, the members voted to approve of forced union clauses in the proposed contract. (I was one of the 49 in the House who voted against the amended bill prohibiting forced union membership). Thus, both bodies are in disagreement and the bill may ultimately die, placing pressure on the union and Gov. Brennan to draft a new contract which would be approved by both legislative bodies. This will delay state employee raises, but the last time will not lose them any money because the pay increase will be retroactive.

One thing that I would like to note is that it was a frustrating three-day debate because a crowd of nearly 500 state workers jammed the corridors to hear the emotional debate which was transmitted to them via portable speakers. The crowd of state workers, at times boisterous and frustrated reflected their mood and the mood of the union, while we voted against the provisions trying to best represent the mood of our districts.

Bill to Grant Pregnancy Disability Signed Into Law

A measure requiring that female workers be covered for pregnancy-related disabilities by employers who offer other disability coverage was signed into law by the Governor this week. The law is designed to insure that no pregnant women be forced out of their jobs or denied sick leave or other medical benefits. Basically, employers

He was a member of the Quarter Century Club of Pratt and Whitney Aircraft; a 40 year member of Granite Lodge, A.F. and A.M., West Paris; a member of the West Paris Alumni Association; and also a member of the West Paris Baptist Church.

Survivors include his stepmother, Helvi Cummings; his wife, the former Lucille Ryan, Portland, Conn.; two sons, Kent Cummings, Orange, Conn.; and Kipp Cummings, Locke Mills; one daughter, Mrs. John McLaughlin, Manchester, Conn.; two sisters, Mrs. Wallace Laffreda, Portland and Mrs. Theodore Flaherty, Westbrook; one brother, Ellis Cummings, South Paris; and five grandchildren.

REPORT FROM TOWN OFFICE

continued from Page One
ing the upgrade needs of the sewer collection system and treatment facilities necessary to comply with Federal and State Wastewater Discharge Standards. These preliminary findings indicate that the sludge generated during the treatment process can best be disposed of through agricultural utilization of the stabilized sludge. Agricultural utilization of sludge has several benefits over other sludge disposal methods: it recycles nutrients in the sludge, it is less expensive, and it reduces the risk of groundwater contamination.

The purpose of the study is to find a locally acceptable site suitable for disposal of sludge from the municipal waste-water treatment facility. Preliminary site evaluation, which was performed during Facilities Planning, identified several potential sites in the Town of Bethel suitable for agricultural utilization of sludge. This sludge disposal site selection study will investigate these areas and will determine more precisely their suitability for sludge disposal. Criteria used in site evaluation include the ability of the site to accept sludge, the location of the site, and the willingness of the landowner to sell or lease the site.

Site selection must be completed before final design of the upgraded wastewater treatment facilities is begun. The design of the treatment facilities is determined in part by the method of sludge disposal and the location of the sludge disposal site. Federal regulations also require that a sludge disposal site must be available (either purchased, leased, or under option) prior to commencement of final design.

Marc Packard and friend, Craig Brickey, of Bryant College, Rhode Island, spent the holiday with his parents, Mr. and Mrs. Frank Packard.

MAINE KIMBALLS TO HOLD JUNE REUNION AT GRAY

On June 23, all Maine Kimballs—those with a Kimball ancestor—are invited by the Maine Kimball Family Association, Gordon L. Kimball of Gray, to attend a one day get-together at the Gray Grange Hall on Route 26.

It is 11 years since August 1968, when for the first time Kimballs from all over the U. S. gathered in reunion at Bridgton Academy in North Bridgton. Nearly all who bear this name claim one ancestor in common, Richard Kimball, Ipswich, Mass. (1637-1676). While the National Association was incorporated in 1972, and has now held 10 reunions in New England, members have been encouraged to hold state reunions. While, for example Connecticut is now planning its fifth annual reunion, this will be Maine's first.

Not only Kimballs (regardless of present surname) descended from Richard living in Maine are urged to attend June 23, but any Kimball from outside will be welcomed. Many have Maine ties.

The executive officers and board of the National Kimball Family group will hold their June reunion during this Maine Reunion. The chairpersons of Genealogical Research and committee members will be on hand all day to help anyone trace their lineage.

The Quarterly Newsletter which goes to all members of the Kimball Family Association, carries details of the upcoming Maine reunion in its April issue. Planned by Chairman Gordon Kimball and his wife, it is to be an informal day for visiting and getting acquainted. All are asked to bring a picnic lunch though restaurants are close by.

The Annual National Reunion is being held outside New England for the first time this year, at Eisenhower College, Seneca Falls, N. Y., from July 26 to 29. Mainers finding this inconvenient will want to attend their own State Reunion.

Requests for information may be directed to Chairman Gordon L. Kimball, Gray, Maine 04039, or the National Recording Secretary, Mrs. Elizabeth Mason Carter, Box 44, West Bethel, Maine 04286.
